

FOR IMMEDIATE RELEASE

Zephyr Point Presbyterian Camp & Conference Center Celebrates a Century of Connecting with Nature, Deepening Faith, and Growing in Community, leading up to its Remarkable 100-Year Anniversary in 2024.

LAKE TAHOE, NV - November 2, 2023 - Step back in time and picture this: it's 1924, and nestled on the pristine shores of Lake Tahoe, a youth camp emerges amidst the beauty of nature. Fast forward to 2024, and that very place has transformed into the beautifully appointed and versatile Zephyr Point Camp & Conference Center.

For a century, Zephyr Point has been a sanctuary for individuals seeking inspiration, growth, and reflection. It all began with a handful of tents and a vision to create a place where young minds could connect with God, nature, and each other. Over the years, Zephyr Point has transformed into a sprawling campus, boasting a variety of lodging and conference facilities, breathtaking views, and a rich history of nurturing personal and spiritual growth.

"The Centennial Celebration is an occasion to honor the remarkable journey Zephyr Point has undertaken," said Dick Young, Executive Director of Zephyr Point Conference Center. "From those early days of sleeping under the stars in tents, to becoming a world-class conference center, Zephyr Point has touched the lives of countless individuals. We're excited to celebrate this milestone with our extended Zephyr Point family and our local community."

Zephyr Point Conference Center extends a warm invitation to all, whether they have had a lifelong connection with the center or are discovering it for the first time, to join in the Centennial Celebration September 20-22nd, 2024. Join us in this opportunity to honor the past, embrace the present and look forward to the next chapter of Zephyr Point's storied history.
